

## PHOTO-ENGRAVERS' CHIEF ASKS FOR STRIKE PARLEY

International President Seeks Conference With Publishers To-Day.

Matthew Wolf, President of the International Photo-Engravers' Union, whose members are on strike against newspapers and plants making cuts for newspapers, announced to-day that there would be a conference with members of the Newspaper Publishers' Association early this afternoon in the union's office in the Pulitzer Building to discuss ways and means of terminating the strike.

A meeting of the engravers was held yesterday in the assembly room of the Pulitzer Building, where the strikers were addressed by E. J. Vois, President of the local union, and Matthew Wolf, Vice President of the American Federation of Labor.

Later Mr. Wolf sent a letter to the Newspaper Publishers' Association asking for a conference to-day, expressing a belief that "such a conference would prove helpful in reaching an understanding." The letter was sent to Lester L. Jones, Executive Secretary of the Association, who directed that copies be sent to all the publishers for consideration.

The striking members of the union have called a meeting at Washington Irving High School for to-night to consider any development that may arise as the result of Mr. Wolf's efforts.

## WARE THE 'PERFUMED' KISS

New Government Restrictions Will Make Them Poisonous.

CINCINNATI, June 2.—Spooning couples will be deprived of the "perfumed kiss" as a result of Prohibition restrictions, Leo H. Forst, retiring head of United States Pure Food and Drug Laboratory here said to-day.

It has been the custom among some girls to scent their lips with toilet, lilac or rose toilet waters, his custom gave rise to the "perfumed kiss." The Government now is warning women not to anoint their lips with these perfumes, because any one kissing them might receive a violent chemical reaction.

Revenue officials have ruled that brucine sulphate or dimethoxystrychnine must be placed in the water to render them unfit for drinking and to avoid a heavy tax on liquids high in alcoholic content.

Lips that bear a coating of these drugs will give a "kick" similar to that of strychnine. The woman who puts perfume containing these chemicals on her lips also may lick them off and become poisoned.

## BREAK GROUND FOR CHAPEL.

Ceremonies for Butler Memorial Held at Marymount College.

Ground was broken at Marymount College, Tarrytown-on-Hudson, yesterday for the Butler Memorial Chapel and for a building to contain a gymnasium, auditorium, swimming pool and chemical and biological laboratories. James Butler, who has contributed magnificently to Marymount in the past, made this possible.

The ceremony consisted of a procession through the grounds, headed by the Rev. Edward R. Tivnan, President of Fordham University. Following him were the students of Marymount School and College, the guests and Archbishop P. J. Hayes, accompanied by a guard of three Papal Knights—Marquis Martin Maloney, James Butler and James Ryan.

Ground was broken by the Archbishop to a flourish of trumpets and roll of drums.

## JOYCE SAYS PEGGY SOUGHT \$1,000,000 TO BE A PRINCESS

Declares She Hoped to Get His Money to Wed Prince Viora.

CHICAGO, June 2.—When his divorce suit goes to trial J. Stanley Joyce expects to show how Peggy Hopkins Joyce hoped to become a Princess at his expense. His friends say she planned to get \$1,000,000 from him for his freedom, then be married to Prince Viora of Albania, who, according to the alleged scheme, in the mean time was to divorce his Princess, the former Mrs. Helen Kelly Gould Thomas.

Princess Helen is expected to be one of Joyce's principal witnesses. She is understood to have gone to New York and taken up her residence at the Hotel Leonori, where she now is.

An interesting feature of the case is the mystery of Peggy Joyce's identity. Attorneys on both sides are awaiting her answering affidavits to her husband's charge that she cost him more than a million dollars, which she will file in New York.

Joyce's investigators say they have been unable to trace Peggy further back than the time she was a Denver telephone operator. Her counsel here admits that her past is a mystery to him. It was supposed she was born in Norfolk, Va., and that her maiden name was Upton, but Joyce's investigators say they have found no records on this point.

## FOUR BOYS KILLED, FIFTH BADLY HURT, BY AUTOS IN CITY

One Car Driven by Woman—Only Two Drivers Are Arrested.

Riding a bicycle on Clinton Avenue, near 176th Street, Bronx, Edward Grabowsky, eleven, of No. 2243 Hughes Avenue, was struck last night by an automobile and hurled through the window of Max Cohen's drug store at No. 1876 Clinton Avenue.

Max Toomkel of No. 1146 Tinton Avenue, Bronx, who was driving the machine, told the police the accident occurred when he swerved his automobile in an effort to avoid running down the boy. Toomkel's car caught the boy and bicycle on its radiator. The boy's skull was fractured. He was taken to Fordham Hospital.

Toomkel was held. Bronislav Zgobitzky, five, of No. 30 Greenwich Street, was run down and killed while playing in front of No. 39 Washington Street. Harry Townsend of No. 35 Boyd Street, Stapleton, S. I., who operated the car, was not arrested. Charles Falk, eight, of No. 1114 Avenue J, Brooklyn, was killed near his home by an automobile driven by Mrs. Louis Schwartz, of No. 1187 East 22d Street, Brooklyn, for whose arrest a warrant will be asked, the police say.

Stanislaw Kawpiniski, eight, of No. 181 Greenpoint Avenue, Brooklyn, was killed by an automobile driven by Charles Kanize of No. 165 India

Street, Brooklyn, who had no operator's license, the police say. He was held. Six-year-old William De Young, of No. 16 Van Buren Street, West New Brighton, was run down and killed near his home.

Outgoing traffic at the Flatbush Avenue Station of the Long Island Railroad was tied up for twenty minutes at 3 o'clock this morning by a derailed car of a train bound for Jamaica. No one was hurt. Passengers waiting at Jamaica for trains to Flatbush Station were advised to take through trains to Pennsylvania Station pending relief.

## CANADA PUTS ON TARIFF.

OTTAWA, June 2.—The Canadian tariff on the importation of wheat and flour automatically became effective with the operation of the United States Emergency Tariff Bill, Sir Henry Drayton, Minister of Finance, stated in the House of Commons yesterday.

He explained that there were items in the current Canadian tariff which became active when other countries imposed a tariff on certain Canadian products. As long as Canadian wheat and flour were an American free list, he said, Canada also admitted
